

# High-Speed Rotary Band Sealer

Published: September 17, 2014 in Powder and Bulk Solids

The Supersealer SB40 rotary band sealer continuously seals a wide range of bag materials at high speed and efficiency. The heavy-duty SB40 stainless steel construction, in combination with proven band technology and operator-friendly controls, ensures performance in demanding applications. Features include: motorized pedestal; No tool band change over; Closed-loop PID temperature control. Benefits include: sealer head is raised and lowered with a touch of a button for different bag sizes; base is on casters for mobility; easy to maintain; accurate and consistent sealing temperature.
