

# STAINLESS-STEEL SUPERSEALER SB20 CONTINUOUS ROTARY BAND SEALER

## The most customizable & reliable sealers on the market

The Supersealer SB20 Continuous Heat Bag Sealer continuously seals a wide range of bag materials at high-speed and efficiency. The heavy-duty stainless steel construction in combination with proven band sealing technology and operator friendly controls ensures continuous duty performance in demanding applications.

## High Quality & Efficient

- BAND SEALING TECHNOLOGY
- SPEEDS UP TO 48 FT/MIN
- NO TOOL BAND CHANGEOVER
- ADJUSTABLE MOTORIZED PEDESTAL
- CUSTOMIZED FOR EACH APPLICATION

## TECHNICAL SPECIFICATIONS:

|                          |                                                                                    |
|--------------------------|------------------------------------------------------------------------------------|
| Bag size range:          | All bag sizes                                                                      |
| Bag material range:      | Heat seal materials up to 12 mils                                                  |
| Speed:                   | Up to 48 ft/min. (14.6 m/min.)                                                     |
| Seal width:              | 5/16" (8mm) up to 3/4" (19mm)                                                      |
| Machine handling:        | Right to Left, or Left to Right                                                    |
| Electrical requirements: | 110VAC, 1 PH, 60 Hz, 10 AMP or<br>220VAC, 1 PH, 50 Hz, 7 AMP<br>CE Marked          |
| Pneumatic requirements:  | Not required on standard config.<br>Required for optional Jet Flow Trim<br>remover |

| FEATURES                                | BENEFITS                                                                                                          |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| No tool band changeover:                | Easily maintained                                                                                                 |
| Variable speed:                         | Flexibly adjusted with speed<br>matching conveyors                                                                |
| Closed loop PID temperature<br>control: | Accurate and consistent<br>sealing temperature                                                                    |
| Motorized pedestal:                     | With a touch of a button, height<br>adjustments are made easily.<br>Simplifies multiple bag/pouch<br>applications |

## ADD-ON OPTIONS

- **Bag Top Trimmers:** Rotary blade or stationary blade.
- **Trim Removers:** 3" (76mm), or 5" (127mm).
- **Automatic Infeed:** T-PAK infeed into Supersealer for high-speed conveyors.
- **Air Evacuation/Gas Flush:** Bags sealed with this system extend the shelf life, and/or reduce the volume for packaging.
- **Conveyors:** Designed to meet all application requirements.
- **Bag fillers & loaders:** OKI works with scale, augers, robotics, and automatic bag loader manufacturers to create a seamless packing line.
- **Washdown/Corrosive Sealer:** Match any environment (IP65/IP69K available).
- **Dedusters:** Used in dusty environments to remove dust from seal areas.

## OTHER AVAILABLE MODELS:

### SUPERSEALER SB20WD WASHDOWN BAND SEALER

SB20 (Right to Left config.)  
with casters and  
motorized pedestal. Equipped  
with optional BBY100 Conveyor  
on a motorized pedestal. Built for  
washdown environments.

### SUPERSEALER SB20 WITH SCALE

SB20 (Left to Right config.)  
with casters and  
motorized pedestal.  
Equipped with  
optional BBY100 Conveyor  
on a motorized  
pedestal and Scale.

### SUPERSEALER SB30 HEAVY-DUTY BAND SEALER

SB30 (Left to Right Config.)  
with casters & motorized  
pedestal. Equipped  
with optional  
BBY200 Conveyor.
